20" Designer Series Television

Technical specifications

Picture Quality

• ***20" High Contrast Tube***
Delivers a vivid picture and is flatter and larger compared to 19" televisions.
• ***Digital comb filter***
Separates chrominance (color) from luminance (brightness) information for independent processing to improve picture resolution and minimize distortion.
• ***Dynamic Noise Reduction***
Reduces picture graininess caused by weak signals to produce a clearer picture and enhance the viewing experience.
• ***3-Position Color Temperature***
Customize picture to your personal flesh-tone preference with cool, normal and warm settings.

Ease of Use

• ***QuadroSurf™ Remote***
Controls all TV features with easy to use onscreen menu.
To personalize and customize TV viewing simply use each of the four colored surf buttons to view up to ten of your favorite programs by category (that's 40 total movie, sports, news, music, children's, etc.) or by family member. The AV inputs can also be programmed for use as a "source" selector.
• ***AutoPicture™***
Instantly optimizes brightness, contrast, color, tint and sharpness settings with picture presets for Movies, Sports, Video games and weak signal reception.
• ***AutoSound™***
Audio volume levels are automatically adjusted and optimized with the choice of three presets: Movies, Voice, Music plus an adjustable Personal setting.
• ***AutoMute™***
Automatically activates the closed-captioning when the MUTE button is pressed.
• ***AutoLock™***
Protects young children from objectionable programming with V-chip technology.

Any-Button-On Front Controls
Channel Auto-Programming
English/Spanish menu
240-minute Sleep Timer
Closed Caption viewing

This television receiver provides display of television closed captioning in accordance with 15.119 of the FCC rules.

Sound Quality

• ***Incredible Surround™ sound***
Widens and deepens the soundstage for more immersing home entertainment experience.
• ***Stereo Sound system***
Receives stereo broadcasts for performance through dual speakers for an exciting and lifelike sound.

Connectivity

• ***S-Video input***
The ideal way to connect high resolution picture sources like DVD, Digital Satellite & Cable TV and video games for the best picture possible.
• ***Rear stereo AV inputs and outputs***
Connect a VCR, DVD, Satellite and video game through S-Video or stereo AV connection.Audio/video output jacks make adding a home theatre surround sound even easier!
• ***Front stereo AV in + headphone jack***
Connecting digital cameras and video games is quick and easy. You can enjoy your favorite program or game in great stereo sound without disturbing others by connecting your headphones (optional) to the handy front jack.
